The availability of particular products may vary by region. Please check with the Nokia dealer nearest to you. Unauthorized changes or modifications to this device may void the user's authority to operate the equipment.

Export Controls

This device may contain commodities, technology or software subject to export laws and regulations from the US and other countries. Diversion contrary to law is prohibited.

YOUR SAFETY

Read these simple guidelines. Breaking the rules may be dangerous or illegal. Further detailed information is given in this installation guide.

ROAD SAFETY COMES FIRST

Obey all local laws. Always keep your hands free to operate the vehicle while driving. Your first consideration while driving should be road safety.

INTERFERENCE

All wireless phones may be susceptible to interference, which could affect performance.

CONNECTING TO OTHER DEVICES

When connecting to any other device, read its user guide for detailed safety instructions. Do not connect incompatible products.

■ General information

The CA-55 converter allows you to use your CARK-91 car kit with compatible Nokia phones and compatible mobile holders that have a Pop-Port™ connector.

The CA-55 converter is designed to give optimal performance when used with the MP-2 microphone that can be purchased separately.

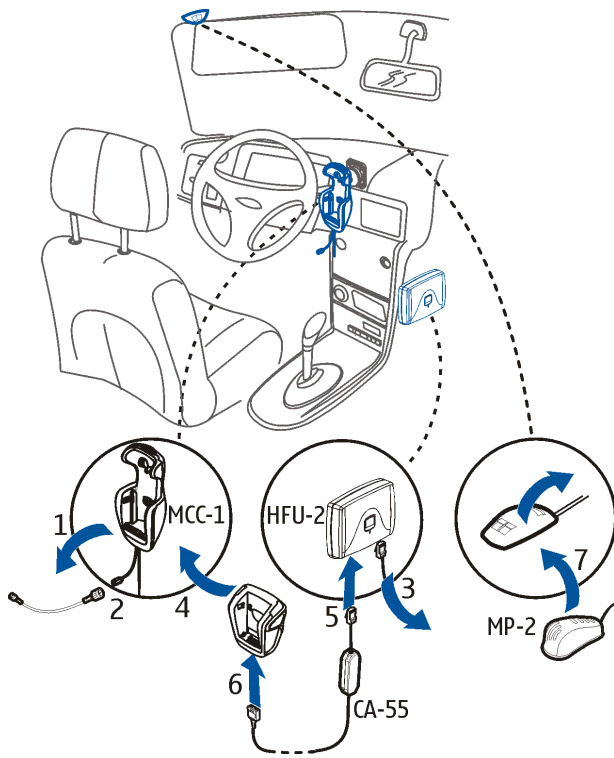

Read this installation guide carefully before installing the converter cable. For details regarding your CARK-91 car kit, see its installation guide that is also available on the product pages of the CA-55 converter at www.nokia.com or from your local Nokia dealer.

Note that the illustrations in this guide are for reference only.

1. Installation

Before you install the converter, it is necessary to remove some parts of the car interior. After the installation, re-attach those parts.

1. When the car ignition is turned off, remove the MCC-1 mobile holder from your car.
2. Disconnect the antenna cable of the MCC-1 mobile holder from the external antenna.
3. Disconnect the system cable of the MCC-1 mobile holder from the HFU-2 hands-free unit that is supplied with your CARK-91 car kit.
4. Mount your new compatible mobile holder securely to the original place of the holder. If necessary, also mount the appropriate antenna coupler. For details, see the sales package of your new mobile holder.
5. Plug the converter cable into the HFU-2 hands-free unit.
6. Plug the converter cable into the mobile holder.
7. If necessary, replace the original microphone with the MP-2 microphone.
8. If necessary, connect the antenna cable of your antenna coupler or mobile holder with the cable of the external antenna.

Care and maintenance

Your device is a product of superior design and craftsmanship and should be treated with care. The suggestions below will help you protect your warranty coverage.

- Do not attempt to open the device except as instructed in this guide.
- Do not use harsh chemicals, cleaning solvents or strong detergents to clean the car kit.
- Do not paint the car kit. Paint can clog the moving parts and prevent proper operation.

If the device is not working properly, take it to your nearest authorized service facility for service.
